About DGET (Director General of Employment & Training)-

Ministry of Labour & Employment, considering it essential for early school leavers and existing workers, especially in the un-organized sector, their educational, social and economic background in skill development, developed a new strategic framework in close consultation with industry, micro enterprises in the un-organized sector, State Governments, experts and academia. Besides, priority is also given to covering those above the age of 14 years who have been either engaged or withdrawn as child labour so as to enable them to learn employable skills in order to get gainful employment. As a result of this Ministry came up with Skill Development Initiative Scheme (SDIS).

The SDIS is a 100% Centrally Sponsored Scheme and is launched by the Directorate General of Employment & Training (DIRECTORATE GENERAL OF EMPLOYMENT & TRAINING), M/o Labour & Employment for the early school leavers and existing workers especially in the informal sector. DIRECTORATE GENERAL OF EMPLOYMENT & TRAINING involved M/s HP India Sales Pvt. Ltd. to develop a dedicated SDIS web portal for the effective implementation of SDIS to promote nationwide training of around 6 lakh people annually.
